- **Undergraduate Honors and Awards**
  - Professor and Co-Associate Chair for Undergraduate Education Forrest Michael
Recognition of Baccalaureate Graduates
  Professor David Ginger

At the conclusion of our YouTube event, we ask that students, family members, and friends join our faculty for a reception on Zoom. The link to the reception will be updated during the graduation ceremony.

Congratulate your colleagues, share a virtual toast, and introduce your families to your favorite classmates and instructors!

Forget to RSVP? Due to student privacy laws, we will only call out the names of students who RSVP'd to our ceremony. This doesn't mean you can't participate! Please watch along and celebrate with your peers on YouTube, and join us in the Zoom reception at the end of the video.

If you or your family members are currently in a country that does not allow viewing of YouTube, please reach out to advisers@chem.washington.edu and we will explore options for an alternative viewing platform.

If you have questions regarding our graduation ceremony, please reach out to advisers@chem.washington.edu.
