Waters Xevo TQ

Quantitative and qualitative analysis using LC separation or flow injection analysis for polar molecules. Xevo TQ quadrupole tandem mass spectrometer/2D Acquity UPLC; electrospray ionization source.

Manufacturer
Xevo TQ (mass spectrometer)/Acquity 2D UPLC (liquid chromatograph)

Data System
W7

Installation Date

Location
Bagley 087

Serial Number
VBA154

Department of Chemistry
University of Washington
109 Bagley Hall
Box 351700
Seattle, WA 98195-1700
