Chemistry graduate students awarded NSF Graduate Research Fellowships

Submitted by Christine Gormley on April 10, 2020 - 4:41pm

Congratulations to the graduate students in the Department of Chemistry who were awarded 2020 National Science Foundation Graduate Research Fellowships, and to the graduate students who received honorable mentions. The NSF Graduate Research Fellowship Program recognizes and supports outstanding graduate students in NSF-supported science, technology, engineering, and mathematics disciplines who are pursuing research-based master's and doctoral degrees at accredited U.S. institutions.

NSF Graduate Research Fellowship recipients:
Casey Bisted (Khalil research group)
Madeleine Breshears (Ginger research group)

Honorable Mentions:
Rachel Huchmala (McCoy research group)
Leo Porter-Zasada (Xiao research group)

Congratulations!

For more information, please see the NSF Graduate Research Fellowship Program website and the full listing of NSF GRFP Awards and Honorable Mentions.
