Student Organizations and Community Service

Undergraduate Student Club

Free Radicals is the main undergraduate student club for chemistry and biochemistry majors. Contact: radicals@uw.edu.

Other Student Organizations

- Alpha Chi Sigma is the University of Washington chapter of the national student organization for chemistry and biochemistry majors. Contact: axeuw@uw.edu.
- Phi Lambda Upsilon is the UW affiliate of the national chemistry honorary society. Contact: radicals@uw.edu.

Community Service Opportunities

- The Pipeline Project is a K-12 outreach program that links undergraduate students from the University of Washington with both educational and service opportunities within the Seattle Public Schools through tutoring and mentoring. Students can earn credit for service with the Pipeline Project by registering for EDUC 401.
- The Dream Project is a student-initiated college-access and retention program that partners UW students with first-generation and low-income students in Seattle area high schools to assist in the college admissions process. UW students can earn credit for service with the Dream Project by registering for EDUC 260/360/361/369.
- The Carlson Center at the University of Washington is committed to engaging undergraduates in understanding, building and improving our communities and as a result, defining citizenship.
