Training Opportunities

Undergraduate Student Training Opportunities

Undergraduate students who wish to learn more about potential fellowship opportunities may be interested in consulting the Office of Merit Scholarships, Fellowships, and Awards.

Students interested in learning more about potential research and training opportunities within the Department and beyond the UW, such as Research Experience for Undergraduate (REU) programs, should consult our advising team representatives:

- Casey Renneberg
  stampcl@uw.edu
  206.543.9343
  BAG 303B

- Tim Bradford
  tbrad@uw.edu
  206.616.9880
  BAG 303A

Additional information on professional development resources can be found through the UW Career Center. See also Internships and Summer Research Programs.

Graduate Student Training Opportunities

The Department of Chemistry hosts a number of competitive fellowships and unique career training opportunities to support graduate student research and professional development. For more information on these and other opportunities such as workshops and internships, please contact our Graduate Program Coordinator, Christine Gormley.

- Christine Gormley
  chmgprog@uw.edu
  206.543.4787
  BAG 303C

Broader University-wide resources for graduate level fellowships can be obtained from the Graduate School.

Additional information on professional development resources can be found through the UW Career Center.

Postdoctoral Scholar Training Opportunities
Postdoctoral scholar interesting in learning more about career development and training activities are encouraged to consult the Office of Postdoctoral Affairs as well as the UW Postdoctoral Association. Additional information on professional development resources can be found through the UW Career Center.
