

## Required Trainings for UG Student Employees

### Trainings for all Student Employees

As part of onboarding, all UW student employees including Graduate students with ASE positions and undergraduate employees, are required to take the following trainings within 31 days from the start of their UW employment:

- [Husky Prevention & Response \(Title IX\)](#)
- [Violence prevention & response](#)
- [Reporting suspected child abuse](#)
- [Asbestos awareness](#)
- [Hazing Prevention Training \(for students who are in a position with direct ongoing contact with students in a supervisory role or position of authority over students\)](#)

### Chemical Safety Trainings

If your position requires either the handling of chemicals or working in a chemical lab space, you must also complete the trainings listed below. Please note, your lab may require additional trainings based on specific lab hazards.

- [Compressed Gas Safety](#)
- [Fire Extinguisher Training \(online\)](#)
- [Managing Laboratory Chemicals](#)
- [Fume Hood Training](#)

I certify that all trainings required of me are completed or scheduled to be completed.
